

NO WAR NO DU!

Human Message

f o r P e a c e

10,000 "writers" from all over Japan

Let's send a clear message from Hiroshima

Dear global citizens,

The Human Message for Peace from Hiroshima will bring together 10,000 "writers" from around Japan who are determined to choose a better future for our planet.

Let's send a clear message by forming together letters that can be read from the sky. NO WAR, NO DU! We'll sing songs of peace and make a strong statement showing our determination to end war and stop creating *hibakusha* all over the world.

We will do our best to have this project covered by media overseas as well as in Japan. We will photograph the words we make - NO WAR, NO DU! - from the air and place that photo in a full page advertisement in a major US newspaper.

Please come to Chuo Koen in Hiroshima with a full hand of flowers and musical instruments.

Date: Sunday, March 2, 2003

Rain or shine, we'll be there.

Place: Hiroshima Chuo Koen

The largest park in town, next to the Castle.

Reception to start at 8 am. Concert to start at noon, featuring Japan's popular peace singer and many more. Bring flowers and your musical instruments.

We will start creating the words NO WAR and NO DU (depleted uranium) at 1:00 pm. The aerial photo will be taken about 2:30 pm.

After the photo is taken, we will start a peace walk to Hiroshima Peace Memorial Park. All are welcome. Bring your own banners, placards, or pictures.

To help us plan and organize the creation of the text, please register in advance by e-mail, telephone or fax. You can also go to the reception desk that will be in place beginning the afternoon of Monday, February 24 in Alice's Garden behind Parco Department Store at the corner of Hondori and Namikidori.

The reception desk will be open daily from 9 am till 10 pm. Please register before 10 pm on March 1. Reception desk staff will give you information about the event.

Participation is free. Donations are welcome to help cover the cost of organization and newspaper advertising.
